

DatabaseSupport

```
classDiagram
    class DatabaseSupport
    class QDesignerDataBrowser
    class QDesignerDataView
    DatabaseSupport <|-- QDesignerDataBrowser
    DatabaseSupport <|-- QDesignerDataView
```

The diagram illustrates a class hierarchy. At the top is the 'DatabaseSupport' class. Below it are two subclasses: 'QDesignerDataBrowser' on the left and 'QDesignerDataView' on the right. A horizontal line connects the two subclasses, and a vertical arrow points from the center of this line up to the 'DatabaseSupport' class, indicating inheritance.
